MIAN FAIZYAB

Machine Learning & Deep Learning Engineer · App & Responsive Web Developer

Peshawar, Pakistan +92 303 8654840 faizyabk14@gmail.com

SUMMARY

Computer Science graduate with a strong foundation in app development, software design, and problem-solving. Skilled at turning ideas into practical, user-friendly applications and building reliable digital solutions. A quick learner who enjoys exploring new technologies, collaborating with others, and continuously improving skills. Focused on writing clean code and delivering quality work that meets users' needs.

PROJECTS

Deforestation Detection Through Satellite Images

Final Year Project · Deep Learning · Bacha Khan University

- Built deep learning models that spot and track deforestation patterns in satellite images.
- Handled the whole workflow myself: preparing the image data, training the models, then testing and evaluating them to raise accuracy.
- Kept refining the results and added improvements to related computer vision work for environmental monitoring.

Telegram Chatbot

Personal Project · Automation

- Built a working Telegram chatbot that replies to users automatically.

Moving Average Crossover Backtest (AAPL)

Quant Research Project · Python, vectorbt, yfinance

- Backtested a 10/50-day moving-average crossover on 2023 Apple data against a buy-and-hold benchmark and analysed the underperformance.

TradingAgents: Multi-Agent AI Trading Research

Open-Source Framework · Python

- Set up the open-source multi-agent LLM framework (analyst, researcher, trader and risk agents) locally for market-analysis research.

EDUCATION

BS Computer Science (BSCS) — Graduated
Bacha Khan University, Charsadda **CGPA 3.75 / 4.0**

FSc (Intermediate) — Completed
Govt Naguman Degree College, Peshawar

Matriculation (10th Class) — Completed
New Islamia Public School, Charsadda

SKILLS

App Dev

- Flutter / Dart
- Node.js / Kotlin / Java

Web Dev

- Responsive Web
- Interactive Web
- Frontend
- HTML
- CSS/Js

AI & Machine Learning

- Machine Learning
- Deep Learning
- Computer Vision
- Model Training & Evaluation
- Agentic AI Systems

Data

- Data Handling
- Data Preprocessing

Automation & Bots

- Agentic AI for Market Bars Analysis
- Telegram Chatbot Development

Soft Skills

- Effective Communication
- Adaptability
- Team Collaboration
